—For Cake Making**Frying**

There is no smoke nor odor. Fried foods are free from the taste of grease. They now are tasty and crisp. They are made more digestible, for Crisco is all vegetable. The same Crisco can be used to fry fish, onions, doughnuts, etc., merely by straining out the food particles after each frying.

Shortening

Crisco gives pastry a new flakiness and digestibility. Crisco always is of the same freshness and consistency. It's uniform quality makes for uniform results.

Cake Making

Crisco gives richness at smaller cost. It brings cake-making back to popularity. Butter bills are reduced and cakes stay fresh and moist longer.
